The annual club banquet held January 21 again brought out families and friends to enjoy its fellowship. About two hundred fifty people, including guests from out-of-town clubs, were served from the buffet table in charge of Lila Stevens and Wilma Hopkins. The tables were fittingly decorated with centerpieces of driftwood and favors of tiny rock hammers and "anthracite" candy -- the work of Cleora Purtil's committee.

Retiring President Carlisle Barber reviewed the past year briefly, and gave honor to his officers and chairmen. The CML&MS rock of authority was then formally turned over to incoming President Irene Jane Brett, who introduced the officers and chairmen for 1971. Norm Kunkel presented his travel film: "Germany, the Tragic Land," taking the audience on a colorful trip through the heart of Europe -- cities, countryside, and castles on the Rhine.

EDUCATION

The Fossil Study Class will have their first meeting Sunday, January 17, from 2:30 to 4:30 p.m. at the Rickerds, 8039 N. US 27. Ila will be our instructor. We want to set a regular meeting day or evening most suitable to every one. Do not forget January 17.

3
THE GEOLOGY CLASS will start Friday night, January 15, 7:00 p.m., and meet every other Friday night. The meetings will be held at the Delhi Township Hall, Holt, in the new Board Room, formerly the library. This year we will study basic geology. All interested people are welcome to come.

We plan on having three or four field trips during the time the class is running. They will be on Sunday. Miss Helen Martin has again consented to teach the class, and as you all know who have attended the class, she is very interesting.

Wayne Henderson

Keep bringing in those Betty Crocker coupons to Sally Barber! She has something like twelve hundred now, and each one adds its bit. We have voted to make our club a 200% club in the AFMS Scholarship Foundation, and this helps.

1971

ROCKHOUND NEWS - 1971
