CMLMS MINUTES

CMLMS, Membership Meeting, March 21, 2013

Call to Order: The March membership meeting was called to order by vice-president Sue Casler at 7:47 pm at the North Elementary School in Lansing, Michigan.

Welcome and Introduction of Guests/Visitors: Welcome to Danielle Gierman who is attending for the first time. Good to see other members that we have not seen for a while!

Minutes of the last meeting: The minutes of the February 2013 membership meeting and of the March board meeting were published in the March newsletter. There was one spelling correction of Kreps which was published erroneously with two “p”s.

Treasurer’s Report: Treasurer was absent but report is on file. See Sue Casler if you would like to see it.
Announcements:

1. Dan Sine, Field Trips: There will be a trip to the Grand Rapids Alabaster Mine on May 25. There is a \$ 3.00 per person charge; the collecting is from 10am to 4pm. Certain restrictions apply, so email Dan to get more information.(Daniel.sine@opm.gov). Contact Dan also if you are interested in the Sylvania, Ohio trip on May 18, 2013. Other trips are coming soon, contingent on some weather issues. Dan has made many contacts and there will be numerous opportunities for collecting this spring/summer! Dan reports of a unique collection of specimens available at the Williamston, Michigan pawn shop. These specimens are from the Decker collection and are top notch. In two weeks, the Pawn TV show will have a segment on this location and of some of these specimens. Dan reported about the huge sulphur specimen he was able to purchase from there to use for his educational exhibits, as well as other items available like dinosaur egg, trilobites, etc.

2. Roni Sionakides, Publications: April 8 is the deadline to get articles submitted for the next newsletter. She also reminded us that the April meeting will be the last one held at North School. The May banquet, the June membership meeting and all of next year’s meetings will be held at the Masonic Lodge in Okemos.

3. Mary Gowans, Outreach: Mary needs members to assist at the Fairview Elementary School Science Expo from 6-7:30pm on Thursday, April 11. Set-up can be done starting at 5pm. Bring items for the Expo or just come to help with monitoring or answering questions. It is fun watching the children make discoveries.

4. Richard Miller set up a display at the Darwin Discovery Days and reports that CMLMS will receive an invitation to participate next year.

5. Theresa Hubbard: Shared an experience she had locally as she visited an art gallery in Okemos. Theresa saw an elephant tusk for sale at the gallery. She asked the owner for documentation to verify that this was legal. The gallery owner could not produce documentation, the authorities were contacted and the ivory was confiscated. International laws stipulate that sellers of ivory must be registered and that each piece should have an identification card for tracking. The purpose of these laws is to stop the killing of elephants for the ivory and to protect elephants from extinction.

Theresa reported on the progress of the project to trace memorials listed in the Memorial Book. The specimen aspect has been inventoried and checked with the display chair. There are some specimens missing. The book list has been generated and the process of checking inventory has started.

6. Jan Sjoquist, Memorial Display Chair: The two memorial cases were on display at the Jackson show this past weekend. They will also be set up in Kalamazoo May 3-5 for the Kalamazoo Rock Club at the Kalamazoo County Expo Center. As a result of the memorial project with Theresa, there will be some changes made in the display.

Jan shared information about upcoming events:

Kalamazoo Show, May 3-5 (see above)

Michigan Geological and Gemcraft Society, June 8-9 at Western Michigan University. Hands-on classes, demos and presentations (20 per day). There is a charge (www.mgags.org).

Old Business: In accordance with the Board actions at the March Board meeting, a study has been made of the suggestion of Bob Mosher that in place of physical objects as memorials for deceased members, a virtual memorial be created on the CMLMS website. The results of the study was presented by Elaine Beane: Memorials Study and Recommendations, Proposal for Virtual Memorial for CMLMS members. Included in this study was a suggested amendment to the CMLMS Bylaws. Alan Hukill made a motion to adopt the suggested amendments to the CMLMS Bylaws. The motion received support by Gordon Lewis. During the discussion that ensued, the proposition was amended to:

Section 5

Deceased members of the Society may be memorialized by the Society in accordance with a) the wishes of the family of the deceased member, or b) the wishes of the member, filed in writing with the Recording Secretary.

CMLMS will develop and maintain a member-specific virtual memorial on The CMLMS Memorials page of the CMLMS website “Michrocks.org”, with a picture of the member and a paragraph of text about the member’s activities with CMLMS.

A choice may be made among the following memorials:

A donation of \$50.00 to either the Midwest Federation Endowment Fund or American Federation of Mineralogical Societies Scholarship Foundation.

A \$50.00 addition to the geology student scholarship awarded by CMLMS in the year following the death of the member.
