VOLUNTEERS NEEDED FOR HOSPITALITY AND VARIOUS CHAIRS

We need members willing to set up hospitality on membership meeting nights. Please consider taking a few minutes to help out.

Show chair is open. Currently the board will pick up the duties but a permanent chairperson is needed.

Library chair is open. Please let the board know if you are interested in either position.

Show board Meeting

Roger Laylin will schedule the meeting in late January to discuss the budget for the 2016 show. The Fair Board Office advised that the new Arena Building will have 50,000 square feet. The current building has about 35,000. He would like to discuss room for additional dealers. Your input would be greatly appreciated as this new building becomes available. Completion anticipated about 14 months after start of construction. Possibly for 2017.

Mineral of the Month

The board has decided to offer a **Mineral of the Month** feature at membership meetings to encourage society participation. Members can bring in samples of their specimens with a chance to speak briefly about them. This year will feature birthstones, starting in January with garnet. Samples can include not only the mineral but beads, jewelry, etc. Everyone go through your stash and bring in samples of garnets. *Minerals.net/gemstone/garnet* has a good description of the various types and names of garnets.

Field Trips!

See Dan Sine to sign up and for more information. Cell phone 517-316-5713 or daniel.sine@opm.gov. Dan would like to set up an email list of all who plan to go on the field trips.

Please contact him if interested in getting emails as field trips are set up.

Minimum age for a quarry is 12. No children under 12 will be allowed at the quarries (their rule). Trips to other collecting sites may have no minimum, or maximum, age requirement. Safety rules in the **Field Trip Guide** are posted at the society website. They should be reviewed, printed out and **taken to every field trip**. Also, insurance coverage for the field trips by the Federation is very limited. It provides only for damage that members might do on-site. There is no personal injury coverage; no coverage underground. Coverage is only for members, so our policy is that field trips are only for members. Members should review this insurance information on our website. Let Dan know of any other locations and contact information that you may know about and would like to visit. Dan does a fabulous job getting these field trips lined up for club members so please take a moment to thank him personally for all his work.
